school graduation requirements and the credits that can be awarded from each class accepted. Classes and grades accepted for transfer to ICAN will be reflected on the student's official transcripts as transferred credits.

- Elementary & middle school students entering school without transfer grades during the quarter won't receive an official report card but will receive a progress report for that time period.
- High school students without transfer credits (starting after the 10th day of semester) must wait until the following semester to begin ICAN and are encouraged to do distance delivery or home schooling.

Probationary Admissions

Applicants with academic or behavioral deficiencies may be offered probationary admittance for nine weeks (first quarter) if the administrator feels the deficiencies can be corrected by the end of that time. The administrator, guidance counselor and teachers review probationary admissions each grading period. If the necessary corrections have not occurred, the student will be denied further admittance. If the administrator and the teachers agree that the probationary period should be extended, it can be extended for another nine weeks (total of a semester).
